ITALY / ALBANIANS INCREASE THEIR BUSINESSES

Although the **COVID 19** pandemic has slowed down the growth of previous years, again Albanian entrepreneurs have marked an increase in their businesses during the first half of 2020. The Italian National Chamber of Commerce has published the latest statistical data for the first half of 2020 with number of foreign migrant entrepreneurs in Italy. Most of the businesses of Albanian emigrants are concentrated in the construction sector where they are ranked second in number after those of Romanian nationality and then in the trade sector.
