Connect Albania (CA) Office

Note to the reader:

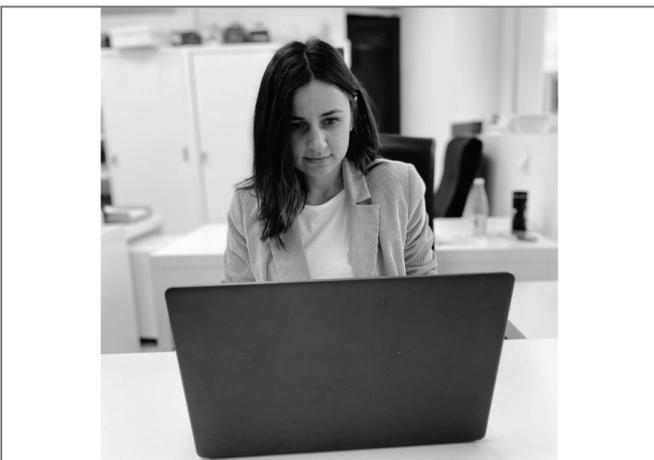

Connect Albania has been reached by an increasing number of Albanian Diaspora members and is becoming an issue of discussion and of great interest to actively help Albania towards the economic development through direct foreign investments. This issue is dedicated in presenting with Ms. Edvina Plaka who newly joined the network of Interested Development Agents of Connect Albania.

Edvina Plaka and her activity as member of Albanian Diaspora

Ms. Plaka is from Albania, Elbasan. After she finished the high school in her hometown she moved to Italy. She started and successfully finished the University of Brescia and was graduated as a lawyer. Since then, she has had a progressive carrier working for law companies and she had to get involved in helping Albanian Diaspora members with legal and documentation issues and cases. She is actually working as E-commerce operation manager in a local Italian company in Brescia.

Her connection with Albania it's not something unknown as she has continuously been part of Diaspora activities, initiatives and discussions on all the issues concerning Albania, Albanian living and working in Italy as well contributing in communities' legal, social and economic issues. Her professional background was not only serving her to excel in the professional carrier but is also serving as a good sample among Albanian Diaspora members to be followed. During her carrier she has established a wide and important network of professionals and entrepreneurs. This will serve as a starting point as she will intensify her efforts to contribute to the Connect Albania mechanism by promoting, informing and working with potential investors from Italy to start their activities in Albania. She is well informed about the Albania's dynamics and developments and is already engaged in transforming her knowledge and information into a real benefit for her country.

"Successful professionals and entrepreneurs from Albanian Diaspora should facilitate the investments in Albania and know how transfer. That will bring real benefits and development for our home country." said Ms. Plaka.

Connect Albania mechanism is a crucial part of the program "Engage the Albanian Diaspora to the Social and Economic Development of Albania". It will contribute to increase investments in Albania, which will create new jobs and will impact on the economic growth. The program is implemented by the International Organization for Migration (IOM) Office in Albania – the UN Migration Agency, with funding from the Italian Ministry of Foreign Affairs and International Cooperation, in close coordination with the Albanian State Minister for Diaspora, Ministry for Europe and Foreign Affairs, Ministry of Finance and Economy as well as the Italian Agency for Development Cooperation (AICS).
