## "FLUTURO ME SHQIPEN" FROM THE ALBANIAN DIASPORA BUSINESS CHAMBER!

The main goal of the "Fluturo me Shqipen" project is to highlight the importance of "Made in Albania" products and their promotion, as well as support for the creation of a chain from production to penetration towards regional markets and towards the Albanian consumer in the Diaspora. The Diaspora Enterprise has the right capacity to help strengthen local products through the strengthening of the Albanian Brand. Among other things, this initiative will have a positive impact on the employment sector and income growth and consequently a sustainable economy. This will be a company targeting no less than 200 shareholders. The shareholders are intended to be Diaspora businesses, and / or individuals up to the age of 40, in order to promote innovation.

## PANDEMIC, WB: REMITTANCES IN ALBANIA IN 2020 REACHED 1.5 BILLION DOLLARS

The remittance industry has been part of the acceleration of digitalisation, which is observed in many dimensions of life during the COVID 19 crisis. Starting in June 2020, remittance flows through digital channels have increased, according to a new World Bank report , especially for emigrants with access to bank accounts and credit cards. The report shows that Albania ranks among the ten largest recipients of remittances in Europe and Central Asia, although in lower figures than the region. According to the report, the main beneficiary of remittances in Europe has been Ukraine, followed by Russia and Uzbekistan. Albania, last with 1.5 billion dollars in 2020, while in relation to GDP, 9.7%.

## TRAVEL TO ITALY, MANDATORY EUROPEAN FORM DPLF

The Digital Passenger Localization Form is used by public health authorities to facilitate contact tracking in the event that passengers are exposed to an infectious disease during their travel by air, boat, rail, bus or vehicle. The information provided by passengers in the DPLF may be used by public health authorities in the destination countries to contact passengers promptly, in order to protect the health of passengers and their contacts, as well as to prevent further spread of the disease. Currently the digital form is being used only by Italy while other countries are still in the application in written form.
